About Me

Hello. Let me tell you a little about myself. I am a FrontEnd Developer. I have 2 years of experience in this job. I have been learning FrontEnd technologies very well for 2 years. I have made many web pages during this year. To keep them all on the same page, I set up my own Portfolio web page and put some of my work on it. If you like them and want to cooperate with me, you can contact me.
